ABOUT US!

Started the business in 2006, PT. Bhumi Bhakti Sukses Persada has worked extensively in various fields of construction services in Indonesia. PT Bhumi Bhakti Sukses Persada is a growing heavy equipment-based general construction company in Indonesia, with four business sectors which include general contractor, earth work, mining services to heavy equipment rental to provide the best service for clients and business partners.

PT BBSP is assisted by a reliable fleet from the best brands also a team of qualified and experienced engineers who are well-versed in execution of all kinds of civil engineering projects, with commitment to quality and project schedule. By applying good and ISO certified business practices, as well as Equipment & Fleet Management, and implementing Health, Safety and Environment, and Project Management are also our focus to deliver the best services in Indonesian infrastructure and to the entire satisfaction of all our clients both national and international.

VISION & MISSION

VISION

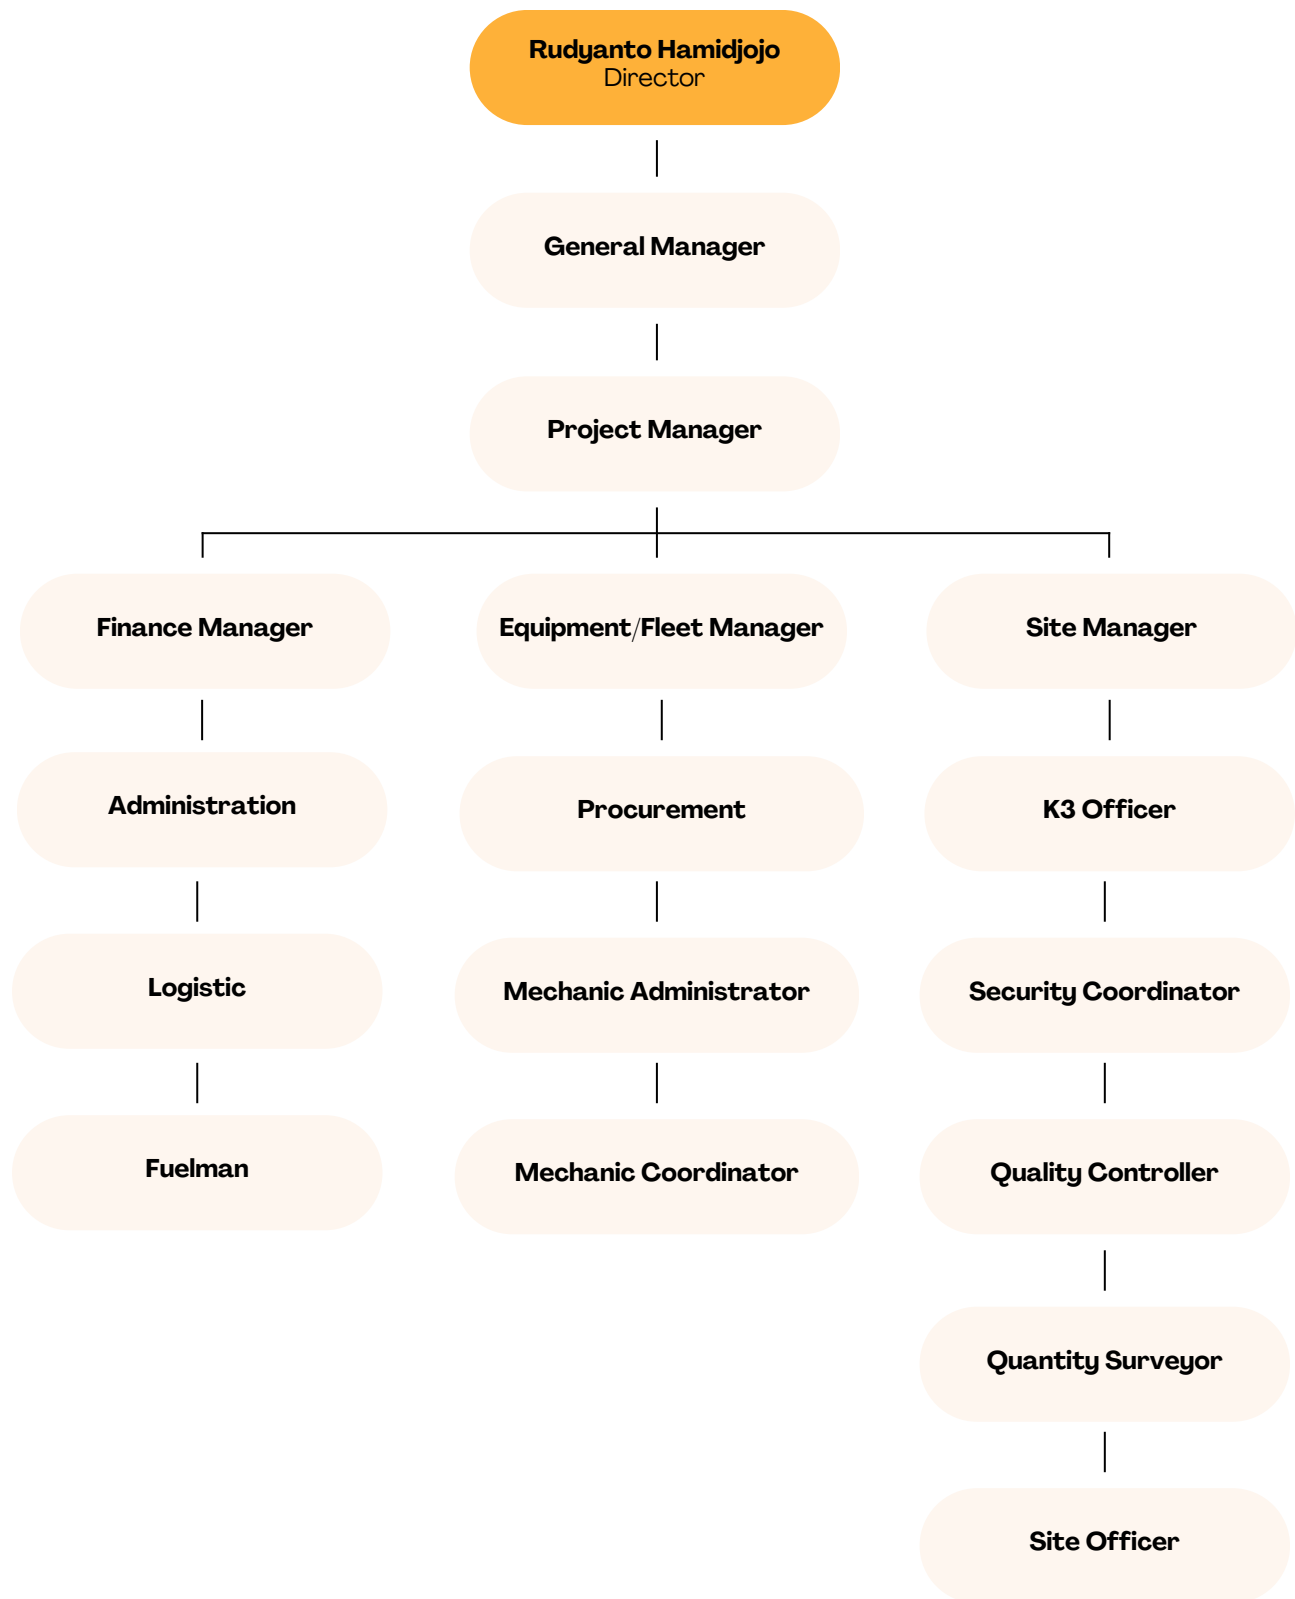

To be the best leading construction companies in Indonesia with an emphasis on sustainable growth and competency through human resource development, technology management and better corporate governance.

MISSION

Increasing the Company's competitiveness and integrity in the construction services industry by developing the best services and technology for clients to meet expectations and improving human resource training to produce a high quality workforce and create a conducive work environment, as well as providing extensive employment opportunities.

ORGANIZATIONAL STRUCTURE

OUR SERVICES

1 GENERAL CONTRACTOR

Providing end to end services from design to construction by providing the best quality and service, especially infrastructure project work, including road, toll road, dam, dock, bridge and building projects.

2 EARTHWORKS

Deep Excavation, Cut and Fill, Foundation Works (Steel and Concrete), Land Clearing, Survey (measurement), Retaining Walls, Geosynthetic Installation (geotextile, geomembrane, geotube, PVD), Grouting.

3 MINING SERVICES

Provide comprehensive mining services to mine owners, so as to help them produce coal to meet domestic and international demand. The company offers mining services at several stages of production and expansion starting from hauling, barging and transporting commodities.

4 HEAVY-EQUIPMENT RENTAL

Provides heavy equipment rental and dump trucks also assisted by licensed, reliable & dedicated operators to meet customer needs for supporting and expediting the work of construction, mining, plantation, forestry, etc.

OUR PROJECT & CREDENTIAL

PT Bhumi Bhakti Sukses Persada has maintained a high reputation as construction service company. We are committed to continuously develop its business in the field of construction by providing the needs of its customers, and improving its services at all construction.
